BOL TARA BOL

by Shelley von Strunckel

ARIES Mar 20 - Apr 19 Your strength is your courage. It's the rare Aries who pays attention to details, much less enjoys dealing with them. Ignore certain important details now, and they'll take twice the time later.

TAURUS Apr 20 - May 20 You may think you've time to discuss certain issues close to home. Judging by next week's planetary activity, things are about to change, such that, if you don't speak up now, things may just never get said.

GEMINI May 21 - Jun 20 You haven't been putting off dealing with business matters. With so much in the air, you're unsure which way to go. If you don't act, by next Wednesday's New Moon others will be making decisions for you.

CANCER Jun 21 - Jul 22 It's time for brilliant speaking. Forget worries that you'll say more than you mean or upset others. Once others know what's on your mind, you begin discussions that are frank and long overdue.

LEO Jul 23 - Aug 22 Be ready to dramatic changes in close relationships. Issues have been on your mind, but the time's never been right. Reflect on your concerns now, and when the time comes, you'll be fully prepared.

VIRGO Aug 23 - Sept 22 Life seems to be all about change at the moment. While some changes are disruptive, others are breakthroughs. Since you can't distinguish them, it's you to explore everything that arises.

LIBRA Sept 23 - Oct 22 You can't stand people who refuse to listen to various ideas. Yet you are about to be faced with an issue which you think is rigid. It won't be easy admitting this, but doing so opens up a new world to you.

SCORPIO Oct 23 - Nov 21 You were dealing with constant changes and challenges. The issues being raised now are worth thinking. If you think about them, they could help you find answers to certain persistent dilemmas.

SAGITTARIUS Nov 22 - Dec 21 You're cautious in dealing with some people, conscious that their feelings could be easily hurt. You must tackle vital issues head on now or risk even more upsetting misunderstandings later.

CAPRICORN Dec 22 - Jan 19 You're not concerned with having the last word. Rather, you'd see your goals achieved and remain silent. To get the job done, you may just have act counter to your nature, and adopt a high profile.

AQUARIUS Jan 20 - Feb 17 You're the last person to prevent anybody airing their feelings. Yet someone is claiming that you've done that. This is their problem. You've nothing to lose by encouraging them to say what they want.

PISCES Feb 18 - Mar 19 Your intentions are good. But never discussed certain crucial issues with family for various reasons. What you don't say now may never get said. Give them priority, the only way they'll get dealt with.

Mridangam Vidwan T S Nandakumar takes his percussion ensemble to Europe

T S Nandakumar, noted mridangist, will shortly be on a tour of European cities with his percussion musical ensemble, which consists of Mridangam, Tabla, Moorsing, Violin, Flute and vocal music.

With a musical lineage that can be traced to the legendary Nadaswaram

duo, Ambalapuzha Brothers, T S Nandakumar developed a passion for music at the age of seven. With arduous training under the tutelage of Mridangam maestro Kaithavana Madhava Das, Nandakumar acquired proficiency as 'Laya Vidwan'.

For more than two decades, he has been promoting carnatic music, both as a teacher and a performer. As a an artist, he has the ability to sustain the interest of the audience through rhythmic forays.

Nandakumar says: "Though there are several institutions for imparting training in vocal, instrumental music and dance, there is no institution which imparts training in 'Avanaddha Vadyas' (percussion instruments). Thereby the number of percussion artists are dwindling due to lack of proper training facilities."
